The data controller is the university. The personal data that you supply to us may be processed by UHI or any of the academic partners that make up UHI. All processing will be undertaken in accordance with current data protection legislation.

UHI already holds data about you relating to your application to study with us. In assessing your eligibility for funding, we will ask you a series of questions and your answers will be linked to the student record that we already hold. Information that you provide in this context will be accessible to a limited number of staff on a need to know basis.

Some of the funding available is means tested which means you may need to provide evidence of your personal income and benefits you may be currently receiving, or income and/or benefits currently received by members of your family/household. Any evidence you provide is used for the purpose of assessing your eligibility for student funding e.g. Further Education bursary, childcare, discretionary funds and Education Maintenance Allowance (EMA). If you are awarded childcare funds we may share limited information about your award with your childcare provider. We may also share limited information with approved taxi companies or landlords, where we make payments for these expenses. If you withhold the information required, we will not be able to fully assess your entitlement to receive funding.

Our legal basis for processing this information is that it is necessary for the performance of a task carried out in the public interest or under the official authority vested in us. This means, we are responsible for the distribution of public funds and must be able to demonstrate individual's eligibility to such funding. We also have a legal obligation to share statistical data and details about the levels of funding we pay out to students with the Scottish Funding Council www.sfc.ac.uk/home/privacy.aspx Personal data may be shared with other official bodies where the law requires us to do so e.g. the Benefits Agency, with managing authorities responsible for European Social Funded (ESF) programmes or in response to a court order. If during the course of your studies you are overpaid funds to which you are not entitled, we may pass your personal data on to a debt recovery agency to recover funds on our behalf, if the money has not been repaid.

In addition to this, your information may be shared with our internal and external auditors as part of routine audits in order to demonstrate our legal compliance with the Financial Regulations we must adhere to. All records are retained in line with UHI/college records retention schedule.

If you have any concerns regarding the processing of your personal data please contact the UHI Data Protection Officer: dataprotectionofficer@uhi.ac.uk or for UHI Inverness data.controller.ic@uhi.ac.uk. You also have the right to lodge a complaint with the Information Commissioner's Office (ICO) www.ico.org.uk The ICO is the independent authority responsible for upholding the law in relation to the processing of personal data. Information and Guidance Notes

1. **What is the Higher Education Discretionary Fund?**

If you are a full time or part time student, the Higher Education Discretionary Fund is intended to provide grant support to enable you to attend a course where you would not have been able to because of financial difficulties. The funds are paid in addition to any other forms of student support and you are expected to take reasonable steps to maximise your income and minimise your expenditure while undertaking your course. Assistance for part time is limited to help with course related costs (including childcare costs).

2. **What is the Higher Education Childcare Fund?**

If you are a full time student, the Higher Education Childcare Fund is intended to help with the cost of childcare while you attend a course where these costs have/will result in financial difficulties. The funds are paid in addition to any other forms of student support and you are expected to take reasonable steps to maximise your income and minimise your expenditure while undertaking your course. If you are a part time student or a Taught Post Graduate student, assistance for childcare costs will be considered from the Higher Education Discretionary Fund.

3. **What is the Lone Parent Childcare Grant?**

If you are a full time student and a lone parent you are eligible to apply for a payment of up to a maximum of £1,215 per year from the Childcare Funds to assist with formal childcare costs. To be eligible you must have taken out your full entitlement of all other available support e.g. student loan, bursaries and Lone Parent Grant. Any costs above this amount can be met from the Childcare Fund if you are a lone parent. Students who are not lone parents can have childcare costs funded through the Childcare Fund.

4. **What kind of information will I be asked to provide?**

You must complete all sections of the form that apply to you. The information is necessary for your application to be processed. Your award will be decided on the information you include in the application. For this reason you should complete the income and expenditure section with care, making sure you include all items after making reasonable reductions in your expenditure to reflect your student status. You are required to enclose copies of documentary evidence of income and expenditure with your application. If you are a lone parent applying for the Lone Parent Childcare Grant you will be required to provide proof of your lone parent status. Failure to submit documentary evidence may result in a delay in processing your application.

5. **What courses are eligible?**

You must be studying a Higher Education (HE) course such as an HNC, HND, Degree or Post Graduate and meet the SAAS residency requirements for a Student Loan. Higher Education Discretionary Funds are available for full or part time study. Higher Education Childcare Funds are available for full time study only. Childcare costs for part time HE students can be met by the Higher Education Discretionary Fund provided the childcare is formal or through a registered childcare provider. Students in receipt of a Nursing and Midwifery Student Bursary are not eligible for assistance from the Discretionary Fund.

6. **What if I have studied before?**

You can apply for these funds even if you have studied before. You need to complete an application for each year of the course.

7. **When should I apply?**

You should apply as soon as possible. Application forms are available from July from the partner institution where you will be attending. The Higher Education Childcare Fund and Higher Education Discretionary Fund are limited funds and applications will be processed in date order of receipt of an application.

8. **How long will the support last?**

Support may be for your full period of study during the academic year or for a specific period of hardship.

9. How will I be assessed/how much will I receive?

Applications are assessed according to your individual circumstances. An award will take into account your and your household's income and expenditure and the support that they can give you while you study. So there is no set amount awarded for particular circumstances. You will be sent an award letter giving details of your award and what the money has been awarded for.

10. Will an award affect my benefits?

Few Higher Education students get benefits, but if you do, an award for childcare and associated travel costs should not affect any benefits as it is purely for the cost of your childcare. An award from Higher Education Discretionary Funds for accommodation etc. may affect the benefits you get. It is your responsibility to declare receipt of these funds to any Agency providing you with financial assistance/benefits. The award letter we send you gives details of your award and what the money has been awarded for. This letter will help the Benefits Agency determine if the funds will affect what you get from them.

11. How will the information be processed?

All information supplied will be treated confidentially and only used for the processing and administration of the student funds. The information will be stored under the terms of the EU General Data Protection Regulation and UK Data Protection Act 2018 on computer and paper systems at the institution.

12. How will I know if I am going to get an award?

All correspondence regarding your application and award will be by email, unless you applied online at UHI Argyll, UHI Inverness, UHI Moray, UHI North West and Outer Hebrides, or UHI Perth where your notifications will be sent via your HUB/Student Journey account.

13. How will I be paid?

Details of your payments will be notified to you in your letter of award.

14. What are my responsibilities?

It is your responsibility to contact the partner institution and report changes in circumstances that might change your entitlement to support from these funds. You are liable to repay any amounts received to which you are not entitled because of:

- incorrect/incomplete information on the application form.
- failure to notify the institution of changes to circumstances. The institution may conduct a sample check of applications to ensure that claimed expenditure is actually being incurred. You may be required to provide proof of actual expenditure later in the year.

15. Where do I send the form back to?

Completed application forms along with supporting documentation of income and expenditure should be emailed to the college where you are enrolled.

16. Can I appeal?

If you are not satisfied with the outcome of your application, you have the right to request a review of your application, if you are still not satisfied then you can appeal against the decision. Information on how to request a review/appeal against the decision will be given in your decision letter.

17. How can I find out more?

The partner institution you are attending will offer a range of information, guidance and support services where specialist staff will deal with your enquiry. They also have copies of the relevant funding policies that are available on request. If you have any questions on funding or would like to meet to discuss your entitlement, or would like help completing the application form, the contact details for your institution are on the inside front cover of this form.
